Carrier objective

An adaptable and curious engineering student with a strong blend of programming skills and design thinking. I love building real-world applications from scratch whether that means designing a smooth user interface or setting up the database behind it. I'm a fast learner who works great in teams, and I'm excited to bring a fresh perspective and solid technical skills to a dynamic development or tech role.

Technical Skills

- Figma
- HTML,CSS
- Python
- MySQL

Soft Skills

- Teamwork
- Good Communication
- Time Management

Area Of Interest

- UI/UX Design
- Full-Stack Development

Education

SRI VENKATESHWARA INTERNATIONAL SENIOR SECONDARY SCHOOL

- Grade 10: 69.2% (2020-2021)
- Grade 12: 64.0% (2022-2023)

KONGU ENGINEERING COLLEGE

(2023-2027)

B.E – Computer Science and Design

- CGPA: 7.05

Projects

Hospital Management System (HTML,CSS)

- Designed responsive user interfaces using HTML and CSS for hospital operations during COVID.
- Implemented backend logic with Python and MySQL to support bed booking and slot allocation
- Focused on usability and clarity to enable quick access for patients and administrators.

Chat-Based Finance App (MERN)

- Developed the frontend and UI of an Android app using React Native.
- Designed a chat-based interaction system for handling finance-related user queries.
- Integrated MongoDB for efficient data storage and retrieval.

Smart Object Detection System (IoT)

- Built an ESP32-based radar system using an ultrasonic sensor and servo motor for object detection.
- Programmed real-time distance measurement and 90° scanning for accurate detection.
- Developed a live radar visualization using the Processing IDE.

Zain Fabrics Platform (MERN)

- Developed a full-stack MERN platform connecting leather suppliers with shoe manufacturers.
- Built a secure admin dashboard to manage products, categories, customers, and orders.
- Implemented responsive design and secure authentication for seamless operations.

Certifications

- Successfully completed Oracle Java Foundations Certification.
- Earned NPTEL certification in Privacy and Security in Online Social Media.
- Earned NPTEL certification in Human Computer Interaction.
- Earned NPTEL certification in Industry 4.0 and Internet of things.
- Earned NPTEL certification in Demystifying Networking.
